Prepay Terms and Conditions

Peninsula Light Company (PenLight) is pleased to offer a Prepay Billing Program on the following terms and conditions. As a Peninsula Light Company member, you understand and agree to the following:

- In order to start up a Prepay account I agree to:
  - ✓ Establish a minimum credit balance of $25.00.
  - ✓ Pay a $25.00 account setup fee.
  - ✓ Pay the same rate for electricity, including the monthly basic charge paid by other members receiving the same class of service, as they may be adjusted from time to time.
  - ✓ Pay a Prepay monthly charge of $4.00.
- I understand and agree that at the time my Prepay account is established, 100% of any existing deposits, if any, will be applied toward any outstanding balance, with the remaining credit applied to my Prepay service.
- As a condition of establishing a Prepay account, if I have an overdue account balance at the time I request to establish the account, I will pay not less than 25% of my existing balance (including any deposit that is applied to my account under the preceding bullet points). In addition, 25% of all future payments will be applied to my past debt until it is paid in full.
- Provide PenLight with a valid notification method such as an email address, cell phone for text, and/or phone number for automated messages.
- I must contact a Member Service representative at PenLight's business office if I want to make any changes to my notification settings.
- PenLight's only responsibility is to send notice by text, email, or auto-generated phone call when my account balance falls below $0.00. Whether or not I actually receive the notice, I understand that if my account balance becomes negative PenLight may automatically disconnect my electric service.
- The daily base rate will continue to accumulate even if the electric meter is disconnected.
- Prepaid accounts are not eligible for payment arrangements.
- Payments can be made in any amount; however, service that has been disconnected due to a negative balance will not be reconnected until the account balance has been paid and an account balance of at least $.01 has been reestablished.
- My account history, usage, charges, and payments will be available to me via www.penlight.org or the automated phone system (253) 857-5950.
- At any time I may elect to convert my account to postpaid service, at which time PenLight will require full payment of a calculated deposit and any outstanding account balance to the date the account is converted.
- If service is terminated at my request, PenLight will refund any remaining credit on the account after deducting the amount due on the account.

By signing this agreement I agree to abide by this agreement and any policies and tariffs governing the prepaid billing program as they now exist or may be amended. I assume all risk and liability for any and all damages of every kind to me or any other person resulting from an automatic disconnection or reconnection of my electric service, and I agree to hold PenLight its directors, officers, employees, and agents harmless therefore.
